Fund Description and Investment Objectives

The Palisade Vantage Fund ("Vantage Fund"), established in 2008, was formed as an RRSP eligible mutual fund trust under the laws of the Province of Alberta. The Vantage Fund is an actively managed, open-end, long only fund with a diversified "total return" mandate. It is designed to provide investors with regular cash income combined with modest long-term capital appreciation. The Vantage Fund is invested in a portfolio of securities which pay regular dividends, distributions or interest to investors, with an emphasis on companies that grow their dividends over time. The Vantage Fund currently pays a quarterly distribution of \$0.11 per unit, or \$0.44 per unit on an annualized basis. The Vantage Fund does not employ the use of leverage. **The Vantage Fund is intended for investors who: (1) are looking for multi-sector diversification; (2) are seeking a steady flow of income and modest long-term capital appreciation; (3) are looking to invest for the medium to long-term; and (4) have a medium tolerance for risk.**
